WHO WE ARE

The *Penang Monthly* endeavours to be the voice of Penang and an inspiring read for the curious Malaysian. This publication of Penang Institute aims:

1. To supply Penangites with information about significant issues in order to promote public participation;
2. To encourage discussion about various aspects of Penang's fate and fortune;
3. To profile Penang personalities who have contributed, sometimes in unassuming but critical ways, to the reputation and wellbeing of the state;
4. To put the spotlight on ordinary Penangites who otherwise go unnoticed, but who nevertheless define the culture of the state in essential ways;
5. To highlight the importance of Penang as a generator of culture, education, industry and cosmopolitan values;
6. To emphasise present trends in the arts, industry, politics and economics which affect the immediate future of the state and country; and
7. To offer reliable socioeconomic data for the benefit of decision makers in government and the private sector.

THE PUBLISHER

Penang Institute is one of Malaysia's major think tanks. Funded by the Penang state government, it was established in 1997 as the Socio-economic and Environmental Research Institute (SERI) and underwent a name change in 2011 as part of a rebranding exercise to reflect the heightened ambitions of the state to secure Penang's reputation as an intellectual hub and as the culture capital of the country, and to enhance Penang's reputation in Asean and beyond.

With the tagline "Making Ideas Work", Penang Institute encourages bold and innovative thinking not only in academic disciplines but also through the support it gives to literature and culture by way of events such as book launches and public literature seminars; through participation in the annual George Town Literary Festival; through its public policy brief, ISSUES; and through its renowned magazine *Penang Monthly* and the Penang Monthly Book Prize.
